7. Final Assessment at the end of the Course.
8. Certification based on attendance, performance & participation.

ENGLISH CLUB

3

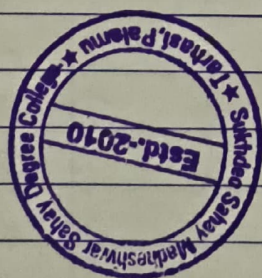

During Past years of teaching at rural areas in Tarhasi. I found that students coming from remote areas face language problems pursuing their degree programmes due to English as a medium of instructions. They feel like teaching with the help of Hindi to understand the concept of English. They have to write the answer copy of the examination in English. Because of this students feel the increasing pressure of the English language. During their presentation and asking questions in the classroom students' curiosity to understand nuances of the topics is barred due to language issues. In view of the above problem heading the "English club" providing them solution by creating a congenial atmosphere to learn the English language and skills.

It aims at the College grooming of students' personalities and building confidence in their delivery of the speech. The English Club provide them a set of activities along with its designed courses to assist and

train them in speaking and writing.

Working in this specific direction the "English Club" has developed a small courses entitled 60 days Conversation practice Course in English. Definitely this course will provide a great help in improving personality and skills of rural area.

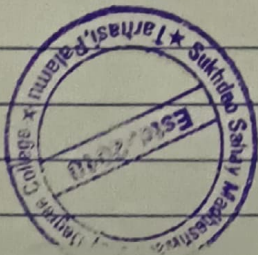

I would like to express my Special thanks of gratitude to "Mr Prabhakkar apha" our principal for providing me with all the facilities required and for the opportunities given to fix the Students language problem apart from the College curriculum. His valuable guidance and suggestions have always very helpful in excellence in the different sphere of work.
